Project Title: Coco Chanel Website

I chose Coco Chanel as my topic to build the project on because I think there is a variety of content and imagery that can support the microsite. I want to create multiple pages to display the subtopics related to Coco Chanel.

Pages:

- Home Page
  - Introduction of Coco Chanel
- Personal life and early career
- Legacy as designer
  - Chanel Suit
  - Little Black Dress
  - Jewellery
  - The Chanel Bag
- Depictions in Popular Culture
  - Theatre
  - Film
- Sources
  - List of sources of information, photography, and any other credits
